### LIGHT SHIPMENT OUT KANSAS CITY

CHOICE HEAVY STEERS BRING  
HIGH AS \$8.00.

KANSAS CITY, Mo., Jan. 2.—

Very light supplies of cattle have arrived here this week, and the market has been strong and active, closing 15 to 25 higher for the week, all kinds participating in the advance to some extent. No prime fed native steers have been here, but some good to choice heavy steers sold at \$8.75 to \$8.99, and dressed beef steers ranged from \$7.25 to \$8.40, yearlings and half-ers up to \$9.00, best veals \$10.75, native cows \$6.00 to \$8.00, choice bulls \$6.50 to \$7.25. Quarantine territory has sent in a number of large shipments of meat fed steers, two trains of 17 cars each, one from Guthrie at \$7.40, the other Ada at \$6.50 and \$6.75, arriving on Wednesday and the prices realized were considered satisfactory. Other smaller lots of all meat steers sold at \$6.50 to \$7.50, and one lot brought \$8.00. Arkansas steers brought \$6.00 and cows \$4.50 to \$5.50. Stocker and feeder movement has been small, on account of paucity of receipts, but a stronger feeling prevails and the usual January bulge in the stocker market will doubtless arrive on schedule time. Great uncertainty exists as to the volume of receipts the first half of this year at Kansas City, extreme views putting the cattle supply here during that period at 50 per cent less than last year. Others say that is too much of a cut, and most commission men agree that there will be a pretty good run during January at least. Kansas wheat fields helping out for a while yet. In the spring months South Texas will send a good many cattle in, but there will doubtless be a big shortage in any event.

**Danger of Knowing Too Much.**  
Let us remember, advises a medical magazine, that a brain crammed with a multitude of useless facts may show up brilliantly on an examination, but be so clogged as to be unable to put the knowledge to practical use. We know we are raising the pedagogues' ire by thus stating that there is such a thing as too much knowledge, but as a fact the world's work is being done by specialists who are densely ignorant of everything outside their respective narrow spheres—and of many things inside, too.

### Worms the Cause of Your Child's Pains.

A foul, disagreeable breath, dark circles around the eyes, at times feverish, with great thirst, cheeks flushed and then pale, abdomen is swollen with sharp cramping pains are all indications of worms. **Don't Worry.**  
Doctor: "Now, don't worry, whatever you do; a man with heart disease can't afford to worry. Avoid all company of any kind, drink nothing whatsoever, and on no account touch meat and vegetables. By the by, I won't be able to call till Wednesday, as I have to attend the funerals of three patients."

### GOVERNMENT TO EXPERIMENT WITH VERNAL MAIL ROUTE

An interesting experiment may be attempted by the government with the star mail route going into the reservation from Colton, formerly running out of Price, as it is stated that Uncle Sam is thinking seriously of trying this one out under federal ownership.

The present contract does not expire until next July, but the present contractors are anxious to give up their job. The mass of parcel post going into the Uinta basin has almost swamped the line and the contractors have been unable to get any additional compensation over the price for carrying the regular mails. During holiday time from one to three extra wagons were put on the route in order to transport parcel post stuff.

As the people of the basin are becoming more intimately acquainted with the parcel post, as elsewhere, weekly the amount sent in this manner is increasing until there is absolutely no estimating where the movement will stop. The merchants find that they can obtain dry goods at about the same cost by parcel post as by paying railroad and wagon freight. One dealer has it figured out that a pair of overalls is three cents cheaper by post than by freight. Canned goods and much merchandise in the grocery line is but little lighter by mail than by freight. While it helps out the dealer and the consumer it is raising havoc with the poor contractors of rural routes, and in the case of the one mentioned, the matter is being seriously considered of throwing up the contract and forfeiting the bond, which probably is in excess of \$20,000.

Such a protest has been made to the department, however, that the government has intimated that it might take the route over and experiment with it.
